2022/23 President's Report

As President I would like to express my thanks the Badminton Tasmania Members for their support throughout the year, in what has been an extremely busy year.

Special thanks Paul Brettell for your work in the Secretary role as well as your assistance over the past 3 years as a member of the foundation board, I wish you all the best in your future endeavours. Big thank you outgoing Treasurer Rob Brockman and Mark Steczkowitz/Karen Arnold for stepping into the role for the second half of the year. Thank you to Lasse Bundgaard (who has a comprehensive report here) and Matthew Gillie for all the work they do. The same applies to our members and volunteers who are so active on the ground.

Basic Overview:

- Continued outstanding high quality Sporting Schools programs delivered across the state.
- The creation of the GOSEN Junior Development Pathway Squad which conducted two camps (one in Launceston and one in Burnie.)
- Participation numbers continue to be strong in all sanctioned tournaments.
- The creation of the Junior Development committee – Mrs Jane Kabalan, Mrs Bev Robotham and Mr Lasse Bundgaard.
- Continued delivery of the All Abilities program in the South and North of the state.
- Tasmania 2 winning silver in Division 2 at the Ede Clendinnen Shield, National Championships.

Badminton continues to grow in its exposure across the state via Sporting Schools programs These programs run state-wide and are a key driver in membership growth as well as exposure of the sport.

The All Abilities program has once again continued to be a successful program resulting in a grant extension. I would like to thank and acknowledge Mr Lasse Bundgaard and Mr Matt Gillie for their work on both of these successful programs. It is a real asset for Badminton Tasmania to have the experience, knowledge and professionalism of these two on board to deliver such a high level programs.

2023 has seen Tasmania be able to send an under 17 team away to the National Championships. This is promising for our sport moving forward as we have a base level of players existing junior badminton, now the challenge is how to keep them playing and aspiring to develop at the next level to push for senior team selection.

This will continue to be a building block for Badminton Tasmania moving forward, now we have established strong development programs for our entry level players (Shuttle Smash programs & Sporting Schools) we need to get our junior players more technical training through accredited coaching.

Thank you to Jane Kabalan and Bev Robotham for your drive and assistance in the creation of the GOSEN Junior Pathway Program for which I have no doubt that we will see the reward for your hard work in years to come.

I would also like to give a sincere thank you for the support from Badminton Australia, Department of Communities, Sport and Recreation and Mark So from GOSEN Australia for their continued support throughout the year. Without their support we would not have been able to conduct the successful programs throughout the state.

Finally, I would like to thank the 2022/23 board of directors who have worked hard this year to ensure our game continues to grow. I would like to also thank the Southern Tasmanian Badminton Association, North West Badminton Association and Greater Northern Badminton Association without your contribution and support the work Badminton Tasmania does would not be possible.

Badminton Tasmania Participation Program

Overview

- GOSEN Tasmanian Junior Pathway Program
- Sporting Schools Program
- All Abilities Program & Para Program
- Shuttle Smash Program
- Acknowledgements

GOSEN Tasmanian Junior Pathway Program

In 2023, Badminton Tasmania launched the GOSEN Tasmanian Junior Pathway Program with the aim of developing Tasmania's best junior badminton players. This program focuses on intensive training camps and competitions. The first junior development camp was held on June 3 and 4, 2023, at the Elphin Sports Centre, where 19 junior players, along with coaches and parents, participated. This camp provided valuable training opportunities and allowed players to interact with players from across the state and experienced coaches. Upcoming camps include one in Burnie in August 2023 and an interstate camp planned for December 2023.

Sporting Schools Program

The Sporting Schools Program, an initiative by the Australian Government, aims to increase children's participation in sports and connect them with community sport opportunities. Badminton is one of 35 sports included in this program, with offerings for primary school students and a targeted program for Year 7 and 8 students in secondary schools. Badminton Tasmania is responsible for delivering the Sporting Schools Badminton Program to schools in Tasmania. In the period from July 1, 2022, to June 30, 2023, Badminton Tasmania successfully delivered the program to 22 schools across Tasmania, engaging more than 2,000 students in badminton through at least 4 sessions each.

All Abilities Program & Para Program

For the past two years, Badminton Tasmania has been running the All Abilities Badminton Program and the Para Badminton Program.

All Abilities Badminton Program:

This program is designed for children and adults living with disabilities, welcoming participants aged 10+ of all abilities, including those with Autism Spectrum Disorder, Down Syndrome, and other intellectual disabilities. Regular sessions are conducted in Hobart and Launceston, and the program has seen growth in both participants and volunteers. Positive feedback has been received from participants, parents, and caregivers, highlighting the program's significant social and community benefits.

Para Badminton Program:

Targeted at participants aged 10+ with physical disabilities or impairments eligible for Para-Sport pathways, this program includes wheelchair users and ambulant participants with various physical disabilities. Regular sessions are held in Hobart and Launceston, and Mr.

Dominic Monypenny represented Tasmania at the Para Oceania Championships in Melbourne from July 29 to 31, 2022.

Shuttle Smash Program

The Shuttle Smash Program, Badminton Australia's initiative for children aged 5–12, focuses on developing life skills and foundational movement patterns. Badminton Tasmania coordinates this program in the state, successfully organizing programs in various locations, including Port Sorell, Snug, the Huon Valley, and Launceston. More programs are scheduled for Term 3 and 4 in 2023.

Program forms the base of the badminton pathway, building foundational movement patterns in children so they can enjoy sport and badminton for the rest of their lives. For clubs and venues, being part of the Shuttle Smash Program brings a suite of benefits including:

- freely accessible resources.
- 24 lesson plans.
- expansion activities for First Nations Communities and All Abilities participants.
- marketing and social media collateral.
- plenty more.

If you are interested in running a Shuttle Smash Program, please get in touch with Lasse Bundgaard at Badminton Tasmania!
